

# What Is the EZ Child ID System?

## EZ Child ID System

**Provided in Cooperation with Moose International and Safe Surfin'  
Now Available for MD-DE-DC Moose Lodges**

Every day 2,000 children are reported missing. Every year 200,000 children are taken by family members. 58,000 children are victims of non-family abductions. The key to recovering these children is quick action by parents and law enforcement. A statistic by the National Center for Missing and Exploited Children states that "the first 2 hours after a child is abducted are the most critical."

The Manufacturer of the EZ Child ID System has worked with law enforcement officials to ensure that this digital fingerprinting system is up to their standards. We have taken it one step further and included a *digital fingerprint analysis* software package to make sure all the necessary "points" on a fingerprint are obtained. We ensure that we capture all the vital information required by the Amber Alert System.

EZ Child ID form includes all 10 fingerprints and is saved in the universal PDF format. The parent not only receives an EZ Child ID form, they also get a CD with all the information on it. This allows the parent the opportunity to reprint the EZ Child ID form at home if they desire. To help protect from identity theft, our software was written so that no information from the child is saved on the computer. Once you start over, all of the data is permanently erased. The parent is the only person who retains their child's information.
