Co-workers: As you can see, we're in need of assistance for a few committees. Obviously – some committees, such as Youth Awareness may be better served if there were more than one co-chair because we have such a diverse area to cover of schools & organizations to which we can reach out if we have the man/woman power! We also have the Valor program through which we should be reaching out to all Fire, EMT and Law Enforcement agencies. This is an immense amount of ground to cover for just one fellow! Perhaps if we had more folks volunteer for their immediate area, we could achieve more participation!

Also. . . Bessie Staab-Hickman would really like some help with her efforts on Government relations – especially in the Maryland area! Please share this with your chapters – perhaps someone who does not attend the association meetings would like to help.

Karan York also looks for ladies who would be interested in helping with the ritual teams when we do conferrals. Please contact her to find out how you can help!

Help Help!
